SUMMARY:

Designer with 4 years of experience creating user-focused interfaces. Experienced in leveraging AI tools (Figma AI, Claude, ChatGPT, automation-driven design systems) to streamline processes and accelerate developer handoffs.

WORK EXPERIENCE:

AppyPie LLP

Noida, Uttar Pradesh

UI/UX Designer

01/2024-Present

- Designed and optimized AI-driven user flows by testing AI Agents, enhancing usability.
- Led the restructuring of Pixazo, Automation & AI Agent products, improving overall user experience, resulting in 12k+ signups daily in December 2025.
- Revamped Pixazo Dashboard, resulting in a 35% increase in usability and user satisfaction scores.
- Spearheaded Phase 2 of the AI Chat Editor, integrating video editing capabilities.
- Experimented with AI-assisted "Vibe Coding" for handoffs, accelerating front-end implementation.

Webztechie (QMM Technologies)

Gurugram, Haryana

UI/UX Designer

10/2022-12/2023

- Led the end-to-end design process for web and mobile applications as the sole designer.
- Conducted user interviews and usability testing, ensuring designs aligned with user needs and business objectives.
- Created wireframes, prototypes, and high-fidelity designs, delivering 100% of projects on time and with client satisfaction ratings above 90%.

Freelancing

Hisar, Haryana

Designer

02/2022 - 08/2022

- Designed and delivered custom websites and mobile app interfaces for startups and small businesses across diverse industries.

Edugorilla Community Pvt. Ltd.

Lucknow, Uttar Pradesh

UI/UX Design Intern

04/2021 - 10/2021

- Collaborated with the Marketing Team to design graphics and improve UI elements for promotional campaigns.
- Demonstrated adaptability and dedication, leading to a job offer based on outstanding performance.
